E. Turn your vac into a flea destroyer

Ingenious solution works with your vacuum cleaner to kill fleas without exposing your dog to poisons and toxins. Just suction the contents of 1 pack of all-natural, eco-friendly pellets into your vac, attach the FleaVac™ hose with patented engineered nozzle, then vacuum your pet and infested areas. Harmless to pets and people, pellets kill all stages of the flea life cycle and remain effective in your vac until the bag is changed or the bagless chamber emptied. Includes 5' hose attachment, 2 packs of pellets and a mesh storage bag. Made in USA.

H. Instant Screen lets pets come & go

Dogs walk right through this screen and it automatically closes up behind them. No more ripped screens, slamming doors or doors left open. Center and bottom magnets allow the screen to snap closed "magically" after your dog passes through. Portable, frameless design is nearly invisible from the outside. No tools required; installs in minutes without damaging the door frame. Hangs from an adjustable tension rod; a lightly weighted bottom and cling strips on the sides keep it in place. Durable, soft fiberglass mesh reinforced with outdoor fabric edges. Made in USA.
